FILE No.

To

The Chief Secretary

to the Government of Mysore.

Sir,

I have the honor to forward copies of this office letter No. 1382 of the 22nd October 1889, to the address of the President Cttee Municipality and the Municipal Resolution thereon regarding the opening of a dispensary at Arlapett and to request instructions as to what proportion of the expenses of the proposed Chattrum, of the hospital which is to be constructed some distance to the rear of the Chattrum and which will take the place of the present sheds for Cholera and other Communicable diseases beyond the fort and of the Arlapett dispensary and the pay of the Hospl Assistant are to be borne by Municipal and other funds.

I presume the total cost of Medicines and appliances and Menial Establishment of the dispensary would be paid from Municipal funds

funds as well as the main portion of the Cost of the hospital but as this latter as well as the Chatham are intended to act as protective measures for the Province generally as well for the City it might be fair that a portion of the expenses of their up Keep as well as part of the Hospital Assistants pay might be borne by other than Municipal funds.

I have the honor to be

C.B. Municipality

Bangalore.

Sir

I have the honor to suggest for the consideration of the Board the desirability of opening a new dispensary at the Arlapett end of the town for the convenience of residence in that direction.

I believe it is the intention of Government to have an Hospital Assistant resident at the proposed Chattrum for pilgrims and others near the Railway station, and this being so he (the Hospital Assistant) could, in addition to the duties which may be occasionally required of him at the Hospital in the neighbourhood of the Chattrum, do the work of the dispensary too.

I have &c.

To

The Vice President
City Municipality
Bangalore

Sir,

As Cholera is reported to exist in the neighbourhood of Tripathy in Locality through which pilgrims pass on their way to and through the Mysore Province I have the honor to advise that the Hospital in connection with the Chuttram building near the Railway Station be got ready for use as soon as possible and for the purpose I forward herewith a bill for Rs 515-11-3 which I request the Board will be so good as to pass with as little delay as possible and arrange afterwards with Government how the charges are to be divided between Municipal and Provincial Funds.

2. It will be observed that the permanent charge for establishment amounts to Rs 52/ that of temporary

temporary establishment which would only be required [illegible] when the Hospital is in actual use to Rs 23/ and the first charge for Medicines and appliances, furniture, bedding, utensils hospital necessaries, miscellaneous articles Stationery &c, to Rs 430-11-3. The cost of the 2d and 3d items amounting in this bill to Rs 453-11-3. which includes purchase of things which would not require replacing for a long time, would probably not exceed an average of Rs 50/ a month afterwards taking one month with another and this as a permanent allowance I request may be sanctioned in addition to the amount of the bill submitted and arrangement made with Government afterwards as above suggested.

3 In conclusion I would remark that the Chuttram hospital will be available for cases of cholera or infectious diseases occurring in the City as well as for such occurring amongst pilgrims

No. 1267
DATE 12/6/91
BANGALORE

To

The Vice President
City Municipality
Bangalore

Sir,

In continuation of this office No 1382 of 22nd October 1889, I have the honor to request the Municipal Board will take into early consideration the question of opening a dispensary at Kolapete and decide the matter one way or other as soon as possible.

2. The Peishkar of the Mysore Chuttram at Tripathy reports that Cholera exists at Ranugunta, a place close to Tripathy through which pilgrims pass on their way to and through the Mysore Province so that the disease might be introduced any day and we ought if possible be prepared to meet it.

3. The importance which the opening

of the dispensary at Arlapete would have with regard to this [illegible] that the Hospital Apistant having charge of it would live in the house provided for him at the Chuttram near the Railway Station and so be always available to treat cholera patients when there are any at the Chuttram hospital in addition to his duties at the dispensary

4. I believe the Board have already expressed an opinion that a dispensary at Arlapett is necessary for the wants of the people at that side of the City and the question has been raised as to whether since the services of the Hospl: assistant might be utilized at any time for other purposes, viz in connection with the Chuttram Hospital above referred to a portion of his pay and charge allowance might not be met from Provincial funds. I think this latter is a matter which might be settled afterwards with Government and meanwhile I would suggest that the dispensary be opened at once if a suitable house can be had.

Letter from the President of the Bangalore City Municipality dated 29th June 1891 No 346

Docket from the Vice President of — dated 6th July 1891 No 382

No. 4764.

Order thereon

The Government sanctioned the opening of a Branch Dispensary at Arlapet pending the completion of the construction of the Pilgrims Chattram and ~~Hospital~~ the establishment of a Hospital therein; but from the Proceedings of the Board forwarded with the letter read above, the Municipality seems to contemplate the opening of the Hospital at the Chattram in addition to the Branch Dispensary. The President is requested to state, if this is what is intended, or whether after the establishment of the Chattram Hospital sanctioned, the Branch Dispensary is to be discontinued.

By the Board

2. The question in what proportions the charges of the Chattram and Hospital, when established, has to be met from Provincial and District Municipal Funds will be considered hereafter.

3. The Government note that the Special meeting at which the charges of the Chattram and Hospital have been sanctioned was attended only by 6 members, whereas under Sec 24 of the Municipal Regulations, there ought to be at least 12 Commissioners present. The Proceedings therefore require ratification at a larger meeting. Till then, the Proceedings forwarded with the letter read above cannot be published in the Gazette.

OFFICE OF THE CITY MUNICIPAL COMMISSION,

No. 530.

BANGALORE, dated 13th August 1891.

SECTION 1

From

THE ~~VICE-PRESIDENT~~ No. 3

CITY MUNICIPAL COMMISSION

SERIAL No.

BANGALORE.

To

The Chief Secretary
to the Government of Mysore
Bangalore.

SIR,

With reference to Government Proceedings No 4764/L312 of the 21st July 1891, I have the honor to invite perusal of the marginally noted letters (of which Copies have been already sent to you) from the Senior Surgeon and Sanitary Commissioner to the Vice President of this Municipality. It will be seen that the Senior Surgeon suggested the immediate opening of a Branch Dispensary at Cralepete simultaneously with the equipment of the Hospital in connection with the Pilgrims' Chuttrum. The necessity for these two Institutions is set forth in the Senior Surgeon's letters.

The subject of opening a Dispensary

Letters Nos 1266 and 1269 of 12th June 91 from the Senior Surgeon & Sanitary Commissioner to the Vice President City Municipality.

at Arakonam had been fully discussed by the Board at their previous meetings and the proposal duly sanctioned. It only remained to give effect to the Resolution of the Board. The Dispensary supplies a real want to the inhabitants living in the western portion of the City.

The Chuttram Hospital is a different Institution altogether and serves a different purpose. It will be available for treatment of Cases of Cholera and other infectious diseases arising in the City as well as for such occurring among pilgrims from Tirupati and other infected localities. It is more or less a Provincial Institution.

The arrangement proposed by the Senior Surgeon and accepted by the Board was that the same Hospital Assistant should look after the Chuttram Hospital and the Branch Dispensary.

The Resolution arrived at in the special meeting of the 20th June 1891 was submitted to and ratified by the Board at their monthly meeting held on the 30th June 1891. Copy of the

proceedings

proceedings has already been submitted to you.

I have the honor to be
Sir
Your most Obt: Servant
W P Hatch
for President
